

June 14, 2023

On behalf of the Texas business community and the undersigned organizations below, we thank you for your leadership in making sure Texas remains the best place to do business, raise a family, and live.

We support the continuation of funding for the Affordable Connectivity Program (ACP) which has provided connectivity to almost 15 million households and small businesses in the U.S, and over 1.3 million in Texas alone. During the last two legislative sessions we have prioritized and supported efforts in the state to increase reliable, high-speed internet, which is critical to commerce, public safety, economic opportunity, and educational access.

Our state efforts along with continuation of the federal Affordable Connectivity Program (ACP) will continue to expand the number of Texans who have online access to government services, telework, telemedicine, and virtual education. Such access will continue to boost the Texas economy and the economies of both urban and rural communities across the state.

We respectfully ask for your support to extend funding for the Affordable Connectivity Program (ACP) and thank you for your service and dedication to the state of Texas.

Sincerely,

Texas Association of Business
